

INFORMATION SOCIETY 2017

Ljubljana – Slovenia

9 – 13 October 2017

Information society – IS2017

[Jožef Stefan Institute, Ljubljana, Slovenia](#)

* Description *

The Information Society multiconference deals with information technologies, which are of major importance for the development of Europe. IS2017 will serve as a forum for the world-wide and national community to explore further research directions, business opportunities and governmental policies. For these reasons we host a scientific meeting in the form of a multiconference, which will consist of several independent conferences with themes essential for the development of the information society. The main objective is the exchange of ideas and developing visions for the future of information society. IS2016 is a high-quality multidisciplinary conference covering major recent scientific achievements.
