

INFORMATION SOCIETY 2021

Ljubljana, Slovenia

4 October 2021

BATMAN Consortium Meeting & Workshop

4 October 2021

[Jožef Stefan Institute](#), [Ljubljana](#), [Slovenia](#)

Dear colleagues,

We kindly invite you to join us at the workshop and consortium meeting of the BATMAN project. It will be a one-day event, taking place on 4 October 2021, in Ljubljana (**in person** for those who wish, depending upon the pandemic situation and restrictions) **as well as online**. The event will start at 1 pm.

The meeting will be a satellite event of the Multiconference **Information Society 2021** (<https://is.ijs.si/?lang=en>), an annual event which takes place at Jožef Stefan Institute in Ljubljana and consists of a series of conferences and workshops that cover various topics.

The BATMAN workshop will address the research related to the project, including medical, genetics, cell and tissue models, and IT aspects.

You are more than welcome to invite your colleagues working with Hidradenitis Suppurativa to join as well.

As the meeting will take place in the form of a workshop, we kindly invite you to prepare a workshop paper of 1500 words, dealing with the activities developed up to now, or envisaged. There will be a review process for the papers to assure the quality of the submission. Template files including formatting instructions are available on the conference submission page (https://is.ijs.si/?page_id=14415) together with the paper submission link. The accepted papers will be published in the conference proceedings and presented at the conference.

Important dates

30 August 2021: submission deadline

6 September 2021: notification of paper acceptance

13 September 2021: deadline for revised camera-ready papers

Workshop chairs

Sergio Crovella

Anton Gradišek

Further information

Further information is available at <http://is.ijs.si>. Questions regarding the programme and papers should be addressed to crovelser@gmail.com and anton.gradisek@ijs.si, and questions regarding organisation to is@ijs.si or +386 1 477-3968.
